

Student Indicator Instructions:

- 1. Please review the list of service indicators PDF. Note that every service indicator is associated with one or more reason code(s). If your office/department needs access to any service indicators please make a note of all service indicator codes and any corresponding service indicator reason code(s).
- 2. On page 4 of the security request form, please indicate the service indicator code(s) and corresponding reason code(s), as well as if you're requesting access to place and/or release the service indicators.

Note: When you “place” a service indicator, you assign it to a student; when you “release” a service indicator, you remove it from a student.

Enrollment Security Restricts enrollment access to groups of students and time periods.	<input type="checkbox"/> Specific _____
Student Group (list groups and Inquire / Update) Determines access to student groups.	_____
Service Indicators (list codes and reasons) (Place / Release) Determines access to service Indicators	<u>CodeA,reason1 and reason2 Place/Release, CodeA reason3 Place</u>
